

Super Saver Australian Services Union

Product Disclosure Statement

This statement was prepared on **1 October 2018**.

This Product Disclosure Statement (PDS) is a summary of significant information about Super Saver Australian Services Union (Super Saver ASU) – and should be considered as a guide only. It contains a number of references to other important information (each of which forms part of the PDS).

You should consider all of this information before making a decision about Super Saver ASU. To obtain copies of this PDS and/or the other information referred to in it, please call our Contact Centre on **1300 300 820**.

The information provided in this PDS is general information only and does not take account of your personal financial situation or needs. You should consider whether this information is appropriate to your personal circumstances before acting on it and, if necessary, you should also seek professional financial advice tailored to your personal circumstances. Where tax information is included you should consider obtaining personal taxation advice.

This PDS is up to date at the time it was prepared. Information in this PDS is subject to change from time to time. If a change does not materially adversely affect you, we may update the information by notice on our website www.visionsuper.com.au and/or inclusion in the next newsletter. You can also call our Contact Centre on **1300 300 820**. A paper copy of updated information will be given to you without charge on request.

Vision Super Pty Ltd ABN 50 082 924 561, AFSL 225054, RSE Licence L0000239 ('the Trustee' or 'we' or 'us') is the Trustee of the Local Authorities Superannuation Fund ('Vision Super' or 'the Fund') ABN 24 496 637 884. Rules stipulated in Commonwealth legislation, as amended from time to time, are the final authority on any issue relating to the Fund.

About Super Saver ASU

Vision Super is a profit for members superannuation fund with a proud heritage of delivering quality services to its members. We understand that your investment with us reflects the trust you place in our capabilities and reputation. That is why we place member interests first. As a profit for members fund, we try to keep member fees and costs as low as possible without compromising our investment performance and service. At September 2018, Vision Super as a whole had over \$9.8 billion of assets invested for more than 100,000 members throughout Australia.

Super Saver ASU is a product of Vision Super and is only open to employees of the Australian Services Union (ASU). This PDS is about Super Saver ASU and the features and options it offers to ASU employees joining Super Saver ASU on or after 1 October 2018.

In 2017, SuperRatings* awarded a 12 Year Platinum rating to Vision Super, recognising 12 consecutive years of 'platinum' performance in superannuation. The Platinum rating is the top rating given to Australian superannuation products that are rated by SuperRatings. The rating statement has been reproduced with the consent of SuperRatings. For more information, you can visit the SuperRatings website www.superratings.com.au

*SuperRatings is an independent super research company.

Membership category

Super Saver ASU is made up of two membership categories – MySuper members and Choice members.

All new Super Saver ASU members automatically join the MySuper membership category, and are in the default Balanced Growth investment option. Members who make an investment choice are transferred into the Choice membership category.

The Choice and MySuper categories have access to identical insurance and services.

Vision Super offers 11 investment options to members, five premixed options and six single sector options.

Vision Super also offers a range of insurance options for members.

Vision Super publishes a Product Dashboard relating to its MySuper product (Authorisation number 24 496 637 884 417).

Visit: www.visionsuper.com.au/mysuperdashboard

Governance disclosure

Superannuation legislation requires Vision Super to publish certain information on its website, including director and executive remuneration. This information is available at www.visionsuper.com.au/about-us/fund-information under the heading 'Legal'.

How super works

Superannuation (super) is a means of saving for retirement which is in part, compulsory and can be tax-effective. Because you generally cannot gain access to your super until between age 55 and 60 (depending on your date of birth), super is generally a long-term investment. There are some special circumstances under which you can access it earlier.

There are different types of superannuation contributions. Generally, if you are over 18 years of age (or under 18 years of age, and working more than 30 hours per week), and earning more than \$450 a month (before-tax), your employer will be paying compulsory superannuation contributions for you. Most working people can choose the fund to which their employer directs their compulsory superannuation guarantee (SG) contributions. If you don't provide your employer with complete information on which fund you want contributions paid into, then your employer will deposit your contributions into your employer's nominated default super fund. In some instances, you may have no choice due to the terms and conditions of your employment. Any contributions made by your employer are called concessional contributions.

Concessional contributions also include tax deductible super contributions, for which you have claimed a deduction (also referred to as personal deductible contributions).

You can also make voluntary contributions out of your after-tax earnings or savings (called non-concessional contributions) or, by arrangement with your employer, pay additional employer contributions through salary sacrifice out of your pre-tax salary (called concessional contributions).

Once you have set up an account with Vision Super, you can roll money into the Fund from any other super accounts that you have. Before you do this, you must consider any exit fees the other fund/s may charge, and the impact on any existing insurance cover or other benefits your other fund provides.

If you're a low to middle income earner, and make additional after-tax contributions to your super, you may also be eligible for a Government co-contribution.

Super's tax-effectiveness is due to tax concessions provided by the Federal Government. There is generally a 15% tax payable on concessional contributions. Where your total annual concessional contributions exceed the limit set by the Government, additional tax is generally payable. The tax on concessional contributions for individuals with income greater than \$250,000 pa (including their concessional contributions) is generally 30%. Please refer to Section 7 of this PDS on *How super is taxed*.

Once your contributions are in the Fund, the investment earnings on those contributions are taxed at a concessional rate up to 15% pa.

When you reach your superannuation preservation age (this ranges from 55 to 60 depending on your date of birth), you can withdraw your benefit at a concessional tax rate, and pay no tax on withdrawals from age 60.

There are limits to the amounts you can contribute or withdraw from your super. Visit the Australian Securities and Investments Commission website, www.moneysmart.gov.au, and the Australian Taxation Office website, www.ato.gov.au for more information on super.

More information about how super works is set out in our additional guide titled *2. How super works – additional guide*. You should read the important information in this guide before making a decision.

The material relating to *How super works* may change between the time when you read this Statement and the day when you acquire the product.

3

The benefits of investing with Super Saver ASU

You can stay with Vision Super throughout your working life and into retirement as we cater for your pre-retirement phase (via our superannuation products including Super Saver ASU) and your post-retirement phase (via our Income Stream products).*

Vision Super can provide you with help and advice on how you can keep your super working for you at any stage of your life and career. As a member of Super Saver ASU, you benefit from:

- Membership in a fund that offers a MySuper product, allowing your employer to make contributions into the Fund and offering MySuper members all the benefits and protection of the increased governance that applies to MySuper products
- A choice of 11 investment options. You can also nominate which investment option that you would like your withdrawals to be made from once you are eligible to make withdrawals
- Unit pricing (usually daily) published on our website www.visionsuper.com.au/unit-prices allowing members to closely track investment performance
- Insurance at cost-effective group rates for death, total and permanent disablement and income protection. Eligible members of the Super Saver ASU plan are provided with default cover automatically.
- Fees and costs being kept as low as possible, without compromising our investment performance and service
- Your personal information being dealt with in accordance with the Fund's privacy policy
- The Vision Super website having information, forms, guides, tools and calculators to help you manage your super. Members also have access to their account, 24/7, using Vision Online, to view and update details and confirm account activity. Visit www.visionsuper.com.au
- Convenient contribution options for members wanting to add more to their super, such as direct debit, BPAY and cheque
- The ability to make either preferred beneficiary or binding death benefit nominations
- Workplace visits, seminars and super expos to educate members about Vision Super and superannuation in general
- Access to advice – our financial planners can guide you through all life stages, no matter how simple or complex the situation. Vision Super offers over-the-phone assistance, all the way through to face to face detailed personal advice
- A friendly and knowledgeable Member Services team, available from 8:30am to 5:00pm. Call **1300 300 820**.

As a Vision Super member, you also have access to a range of additional benefits from other service providers including discounted health cover and banking services.

*You should consider the Product Disclosure Statement for our Income Stream products, available from www.visionsuper.com.au/pds, before deciding whether to acquire or continue to hold an Income Stream product.

More information about the benefits of investing with Super Saver ASU is set out in our additional guide titled **3. Benefits of investing with Vision Super – additional guide**. You should read the important information in this guide before making a decision.

GO TO www.visionsuper.com.au/PDS

4

Risks of super

All investments carry risk, including the investments you have access to as a Super Saver ASU member. Super funds invest in a diverse range of assets, including Australian and overseas shares, property, bonds, infrastructure and cash which are included in different investment strategies. Each investment strategy has a different risk profile depending on the assets that make up the investment strategy. Those assets offering the highest long-term returns, such as equities, may also carry the highest level of short-term risk. The significant risks to your Super Saver ASU investment include:

- Equity risk
- Inflation and interest rate risk
- Credit (including counterparty and bankruptcy) risk
- Liquidity risk
- Currency risk
- Operational risk
- Changes to government policy and legislation
- Climate/ESG risk.

Investment strategies usually involve balancing the potential returns from chosen investments with the risks associated with them. Diversifying investments is a strategy that allows money to be allocated to a range of assets in order to manage risk, which includes reducing the volatility (up and down fluctuations) of investments.

The appropriate level of risk for you will depend on a variety of factors, including your age, your investment timeframe, whether you have other savings outside of super, and your risk tolerance.

Over time, the value of your super may go up and down. The level of investment earnings will vary and the returns you receive in the past may not be the same as those you receive in the future. Returns are not guaranteed and you may lose some of your money.

Superannuation laws may change in the future affecting your financial and retirement planning. You should try to stay informed about changes to superannuation laws and consider how these changes may affect you.

Due to investment risks and other factors, your super (including your contributions and returns) may not be sufficient to adequately fund your retirement. It is worth consulting a professional financial adviser to assist you in developing an investment and savings strategy that will help you achieve your goals.

More information about the risks of investing in super is set out in our additional guide titled **4. Risks of investing in super – additional guide**. You should read the important information in this guide before making a decision.

GO TO www.visionsuper.com.au/PDS
The material relating to *Risks of investing in super* may change between the time when you read this Statement and the day when you acquire the product.

How we invest your money

Super Saver ASU's range of investment options allow you to choose investments suited to your financial goals and tolerance to risk.

You should consider the likely investment return, risk and your investment timeframe when choosing an option to invest in. Past performance is no indication of future performance. Neither the Trustee, nor any employees or directors of the Trustee, guarantee the repayment of contributions or the performance of the Fund or its investment options.

You can invest in one or more of the following Super Saver ASU investment options:

PREMIXED	SINGLE SECTOR
Growth	Just shares
Sustainable balanced	Innovation and disruption
Balanced growth	Australian equities
Balanced	International equities
Conservative	Diversified bonds
	Cash

If you do not nominate an investment option, we will invest your super (both contributions and accumulated savings) in the Balanced Growth option (the investment option our MySuper product is invested in). More details on this option are set out below. We may vary, add or remove investment options occasionally. We will advise you in advance if this happens. You can switch between investment options to suit your changing financial goals, but be aware that doing so will incur a buy-sell spread (see '6. Fees and Costs – additional guide'). You can switch between investment options via the secure members' area of the website www.visionsuper.com.au, or by completing and lodging the Investment Choice Election Form. Using either method, you can change your investment strategy for your existing account balance, your future contributions or for both.

More information about how we invest your money (including about all our investment options) is set out in our additional guide titled *5. How we invest your money – additional guide*. You should read the important information in this guide before making a decision.

GO TO www.visionsuper.com.au/PDS

The material relating to *How we invest your money* may change between the time when you read this Statement and the day when you acquire the product.

Balanced Growth (including MySuper)

Most suitable for

Members who are prepared to accept a more aggressive asset allocation than the 'Balanced' option. This option has the potential of providing higher returns, but also increases the risk of a negative return.

Strategy

To invest in a diversified portfolio with a moderate exposure to cash and diversified bonds, and a higher exposure to equities.

Investment objective*

This option aims to outperform (after fees and tax) the rate of increases in inflation as measured by the CPI by 3.5% per annum over at least two thirds of all rolling ten year periods.

Asset class

The long term strategic asset allocation for all options is shown below, together with the indicative ranges within which the actual allocation for each asset class may vary from time to time:

Asset class	Allocation	Indicative range
Australian equities	24%	14 – 34%
International equities	29%	19 – 39%
Opportunistic growth	0%	0 – 20%
Infrastructure	11%	0 – 21%
Property	11%	0 – 21%
Absolute return multi strategy	5%	0 – 14%
Alternative debt	5%	0 – 15%
Diversified bonds	12%	3 – 23%
Cash	3%	0 – 13%

Summary risk level

High

Expected frequency of a negative annual return*

4 in 20 years on average

Minimum investment time frame

Long-term (5 to 10 years)

* The investment objectives are not forecasts or predictions. They simply represent a benchmark against which the Trustee monitors performance.

The risk of negative returns is based on a Standard Risk Measure which is based on industry guidance and allows members to compare investment options that are estimated to deliver a similar number of negative annual returns over any 20 year period. This Risk Measure is not a complete assessment of all forms of investment risk. For instance it does not state what the size of a negative return could be, or indicate the potential for a positive return to be less than a member may require to meet their objectives. It also does not take into account the impact of administration fees and tax on the likelihood of negative returns.

6

Fees and costs

The information below provides a summary of fees and costs for Super Saver ASU (including the Balanced Growth investment option for MySuper and Choice members). Depending on the fee or cost it may be paid directly from your account, or it may be deducted from your investment return. You can use this information to compare costs between different superannuation products.

Consumer advisory warning

Did you know? Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You or your employer, as

applicable, may be able to negotiate to pay lower fees – ask the fund or your financial adviser*.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

*Fees and costs are not negotiable.

SUPER SAVER ASU'S BALANCED GROWTH OPTION (INCLUDING MYSUPER MEMBERS)		
TYPE OF FEE	AMOUNT	HOW AND WHEN PAID
Investment fee ¹	0.68% pa of the option's assets	Accrues (usually) daily and is deducted from the underlying asset value of the member's account via the unit pricing process.
Administration fee	\$78 pa (\$1.50 per week) plus 0.18% pa of your account balance (made up of 0.14% of your account balance which is capped at \$540 pa plus a reserving margin of 0.04% pa of the option's assets ²).	Deducted from member's accounts each quarter in arrears, or earlier if member exits prior to the end of the quarter. The reserving margin is accrued daily and deducted from the underlying asset value of the member's account via the unit pricing process.
Buy-sell spread	Currently nil Buy and sell spread range: 0 – 0.12%	Applied to unit prices, usually calculated daily, to cover the costs of buying and selling units.
Switching fee	Nil	Not applicable
Exit fee	Nil	Not applicable
Advice fees – relating to all members (including those investing in the MySuper product)	Nil	Not applicable. However personal advice fees may apply on an individual basis depending on the personal advice you obtain.
Other fees and costs ³	Various, depending on insurance cover you have or personal advice you obtain.	Deducted from members accounts where relevant.
Indirect cost ratio (ICR)	0.00%	Not applicable

¹ The Investment fee shown above is an estimate of the investment costs incurred over the year ended 30 June 2018, based on information provided by our investment managers and custodian. It includes actual amounts where available and some estimated components. The actual amount you will incur in subsequent financial years will depend on the actual investment costs incurred. The Investment fee includes investment costs relating to the investment management of Vision Super's assets, such as base and performance related fees paid to investment managers and advisers, management fees charged in funds/trusts, explicit transaction costs incurred by investment managers, asset consulting fees, bank fees, custodian fees and internal Vision Super costs related to the management of the fund's assets.

² The reserving margin will change depending on the investment options you have selected (refer to [6. Fees and Costs – additional guide](#) for details).

³ Refer to [6. Fees and Costs – additional guide](#), for details of insurance costs and personal advice fees.

Example of annual fees and costs

This table gives an example of how the fees and costs for the MySuper product for this superannuation product (Super Saver ASU) can affect your superannuation investment over a one year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE – MYSUPER (BALANCED GROWTH)		BALANCE OF \$50,000
Investment fee	0.68% pa	For every \$50,000 you have in the Balanced Growth option you will be charged \$340 each year.
PLUS Administration fee	\$78 pa (\$1.50 per week) plus 0.18% pa of your account balance (of which 0.14% is capped at \$540 plus a reserving margin of 0.04%)	And , you will be charged \$168 in administration fees (comprising \$78 regardless of your balance and \$70 depending on your balance and \$20 towards reserving)
PLUS indirect costs	0.00% pa	And indirect costs of \$0 each year will be deducted from your investment
EQUALS cost of product		If your balance was \$50,000, then for that year you will be charged fees of \$508 for the superannuation product*

*The ASIC (Moneysmart) calculator can be used to calculate the effect of fees and costs on account balances. This calculator can be found at: www.moneysmart.gov.au/tools-and-resources/calculators-and-tools/superannuation-calculator.

Fees and costs (continued)

Other fees and costs and fee alterations

The fees and costs associated with all Super Saver ASU investment options including Super Saver ASU's other fees and costs are detailed in our additional guide titled [6. Fees and costs – additional guide](#) (see the reference at the bottom of this section).

Keep in mind that the Trustee can change the level of fees and costs that apply without your consent, but we will give you at least 30 days notice of an increase in fees and costs applicable to the Super Saver ASU plan where required by law.

On ceasing employment with your employer (ASU) insurance costs for any insurance cover you retain in Vision Super will change (i.e. they will be calculated in accordance with the premium rates for fixed death and TPD cover in Vision Super Saver, another product of the Fund)

If you choose to obtain advice from a Vision Super Financial Planner (VSFP), you may be charged a fee on a user pays basis based on the type of advice you receive.

You should refer to the Statement of Advice (SOA) provided by your VSFP for details on these fees and charges (where applicable). If you are not already a VSFP client, contact our Member Services team on **1300 300 820**. Our Member Services team can provide you with general assistance at no additional charge and can help you decide if you need advice from a professional financial planner.

More information about the fees and costs that apply to Super Saver ASU (including fee definitions) is set out in our additional guide titled [6. Fees and costs – additional guide](#). You should read the important information in this guide before making a decision.

GO TO www.visionsuper.com.au/PDS

The material relating to [Fees and costs](#) may change between the time when you read this Statement and the day when you acquire the product.

How super is taxed

The following is a summary of the key tax rules specifically relating to superannuation. These tax rules are complex and frequently change. In some circumstances, other tax rules may also be relevant.

For more information visit ato.gov.au or consider whether you should consult a taxation adviser.

Super taxes

Various taxes are payable in relation to super including:

Contributions tax

All employer contributions including salary sacrifice contributions and any personal (member) contributions for which a tax deduction is claimed, are usually subject to a 15% contribution tax. Individuals with income greater than \$250,000 pa (including their concessional contributions) may be required to pay contributions tax of 30% while low income earners may receive a rebate of the 15% tax on their employer contributions. Any contributions you make from your after-tax earnings or savings are usually not taxed.

How super is taxed (continued)

There are government-imposed limits on contributions, both pre-tax and after-tax, that can be made to super each year. The limits apply to all your super contributions (not just the contributions made to Vision Super).

You should be aware that if you exceed the contribution limits, additional tax will be payable.

In some cases, the additional tax can be paid from your account. But, in other cases, you will have to pay the extra tax out of your own pocket. These tax rules are complex. For more information visit ato.gov.au or consider whether you should consult a taxation adviser.

Taxes on investment earnings

Super Saver ASU's investment earnings are subject to tax at a maximum rate of up to 15% pa.

Taxes on withdrawals

Tax is also payable on any withdrawals of your benefits in cash depending on your age, the amount, whether your benefit consists of a tax free component and/or taxable component, and the benefit tax thresholds that vary from year to year. Once you turn 60, usually no tax will apply to any withdrawals (lump sums or income streams/pensions).

Special tax arrangements apply to some benefit payments, for example, death benefits (which are usually tax free if paid to a tax dependant), terminal illness benefits (which are tax free if certain conditions are met) and Departing Australia Superannuation Payments (where different tax rates apply).

Tax File Numbers

One of the most important things to do when you become a member of Super Saver ASU is provide us with your Tax File Number (TFN).

We are authorised under the law to collect your TFN. Your employer may be obliged to provide your TFN to us. However this does not always occur. We can only use your TFN for lawful purposes. These purposes may change in the future as a result of legislative changes. We disclose your TFN to another superannuation provider when your benefits are being transferred, unless you instruct us in writing that your TFN is not to be disclosed to another provider. You are not obliged to provide us with your TFN. However if you do not, there may be additional tax or other consequences. If you are unsure whether Vision Super has your TFN, you can contact our Member Services team on **1300 300 820**.

For information about how tax applies to super contributions, investment earnings, withdrawals and how super works see www.moneysmart.gov.au and www.ato.gov.au. Tax rates and thresholds may vary from year to year. Up-to-date information is available from the ATO's website at www.ato.gov.au/Rates/Key-superannuation-rates-and-thresholds/.

More information about how super is taxed is set out in our additional guide titled [7. How super is taxed – additional guide](#). You should read the important information in this guide before making a decision.

GO TO www.visionsuper.com.au/PDS

The material relating to [How super is taxed](#) may change between the time when you read this Statement and the day when you acquire the product.

Insurance in your super

When you join Super Saver ASU on or after 1 July 2018, subject to certain conditions and eligibility criteria, you automatically receive death and Total and Permanent Disablement (TPD) insurance cover as well as Income Protection (IP) cover. IP includes partial disablement cover. There are costs associated with the insurance cover which you are responsible for (by way of deductions from your account if you have insurance cover).

The Death, TPD and IP cover premiums will be deducted from your Super Saver ASU account. You cannot cancel or apply to increase or decrease your insurance under the Super Saver ASU plan, except on or after reaching age 55 years when you may choose to cancel death and TPD cover. To cancel death and TPD cover you must write to us at PO Box 18041, Collins Street East, VIC, 8003. You cannot cancel IP cover.

Insurance cover

The Super Saver ASU insurance arrangements for eligible members provide cover for:

- Death and TPD; and
- IP.

How does it work?

Cover is automatically provided to eligible members upon joining the Super Saver ASU plan. The following premiums are calculated and then deducted from your account quarterly while up are employed by the ASU:

- Death & TPD: 0.89% of your annual salary
- IP: 1.71% of your annual income

The premiums are reviewed from time to time by the Trustee and will change from the date you cease employment with the ASU if you retain insurance cover with Vision Super.

Death & TPD

What is TPD?

In relation to an insured member under the applicable insurance policy (Policy), means the permanent inability of the insured member due to a continuing or recurring injury, disease or infirmity to be able to engage in any occupation or in any occupation for which he or she would be suited as a result of retraining, on the basis of medical and/or other evidence satisfactory to the Insurer and the Trustee.

Death & TPD Benefits

On the death or TPD of a Super Saver ASU member, an amount is payable equal to the sum of:

- The balance of the member's Super Saver ASU plan account, and
- An amount calculated in accordance with the following formula (provided you are an insured member and satisfy all the necessary Policy conditions at the relevant time):

$$\text{final average salary} \times 21.5\% \times \text{FS}$$

Where:

'FS' means the period of Future Service, which is the number of years from the date of death or TPD until the insured member attains age 65, multiplied by the service fraction as at the date of death or TPD, with part years counting proportionally, and

'final average salary' means the average of the *insured member's salary* in the period of two years ending on the date on which the *insured member* ceases to be an *employee* of the *employer* provided that:

- if the *insured member* became an *employee* of the *employer* during those two years, the *insured member's salary* at the date of becoming an *employee* of the *employer* is, for the purposes of this definition, deemed to have been received by the *insured member* during the period between the start of the two years and the date of becoming an *employee* of the *employer*, and
- if the two year period includes a period of unpaid leave, the *insured member's salary* as at the commencement of that period of leave is, for the purposes of this definition, deemed to have been received by the *insured member* during that period of leave.

Terminal illness benefit

An insured terminal illness benefit may be payable if you are diagnosed with a terminal illness and you have the relevant insurance cover under the Super Saver ASU plan at the time of the diagnosis. The amount of the insured terminal illness benefit will be the amount of death cover as at the date that 2 medical practitioners (where at least one of those medical practitioners specialises in your terminal illness) certify in writing that the illness or injury will lead to your death within 12 months after the date of the certification. TPD cover ceases if an insured terminal illness benefit is admitted or paid to you.

Income Protection (IP)

IP cover is automatically provided to eligible members upon joining the Super Saver ASU plan which provides a level of cover equivalent to the IP benefit described further below. An IP benefit may be payable if an eligible member satisfies the relevant terms and conditions, and the Partial or Total Disablement definition, under the Super Saver ASU IP policy.

What is Partial Disablement?

A person is partially disabled if he or she is not totally disabled but, because of illness or injury, he or she:

- Has been totally disabled for at least 7 days out of the first 12 consecutive days of the Waiting Period;
- Is unable to work in his or her own occupation at full capacity immediately after he or she became totally disabled because of the illness or injury that caused his or her total disability;
- Is working in his or her own occupation in a reduced capacity or working in another occupation;
- Earns a monthly income that is less than his or her pre-disability income; and
- Is under the regular care of, and following the advice of, a medical practitioner.

What is Total Disablement?

A person is totally disabled if, because of illness or injury, he or she is:

- Unable to perform at least one income producing duty of his or her own occupation;
- Under the regular care of, and following the advice of, a medical practitioner; and
- Not working in any occupation, whether or not for reward.

IP benefits

Where an IP benefit is approved by the Insurer you will be paid a monthly benefit of 75% of your pre-disability income as at the date of disablement, and up to 10% of your pre-disability income is payable into your Vision Super account as a superannuation contribution to Super Saver ASU. Limits apply (for example, the benefit cannot exceed \$9,000 per month).

Before receiving any IP benefit you need to have waited for a continuous period of 90 days (the "Waiting Period") from the day in which a medical practitioner has examined you and certified that you are totally or partially disabled. You may return to work during the Waiting Period. However, this will affect the commencement of your benefit.

No benefit is payable for the Waiting Period. Please contact Member Services on **1300 300 820** for more information.

Cessation of IP benefits

The payment of IP benefits will cease on the earliest of the following events:

- The day you cease to be Totally or Partially Disabled
- 5 years after the expiring of the waiting period
- The date the member obtains 65
- The day you die.

Claims

If you make an insurance claim, the Trustee and the Insurer will determine whether or not you are entitled to a benefit based on the terms of the relevant Policy, the Fund's rules, the law, the insured benefit percentage and the applicable Waiting Period.

Insurance in your super (continued)

Cessation of cover and exclusions

Your death, TPD and IP cover through Super Saver ASU plan will cease when your employment with the ASU ceases and in other circumstances specified in the Policy (for example, when you reach the maximum insurable age). There are also exclusions which apply to the cover, such as where your death or disability is caused by suicide or attempted suicide. Please refer to '[8. Insurance in your super – additional guide](#)' for further circumstances in which your insurance cover under the Super Saver ASU plan will cease and applicable exclusions

* Unless cover has ceased for some other reason or we are instructed otherwise, with effect from the date you cease your employment with ASU, any insurance cover applicable to you in the Super Saver ASU plan, your account balance will be transferred to a Personal account. You will receive an amount of death and TPD cover in this account that is equivalent to the amount of death and TPD cover you had at the date you ceased employment with ASU. IP cover will, not be transferred. The premiums you pay for death and TPD cover in your Vision Personal account will be different as they will be calculated in accordance with the table applicable to fixed death and TPD cover.

More information on insurance cover in Super Saver ASU is set out in our additional guide titled [8. Insurance in your super – additional guide](#). Among other things, this additional guide includes details about your eligibility for cover, cancellation of cover and other conditions and exclusions that apply and other significant matters. **Each of these matters will affect your entitlement to insurance cover.** Also included in the additional guide are full details of the premiums (i.e. insurance costs) that apply. You should read the important information about "Insurance in your super" in this guide before making a decision in particular before deciding whether the insurance is appropriate.

Our Insurer

Vision Super's Insurer is MLC Life Insurance (the trading name of the MLC Limited ABN 90 000 000 402) (the 'Insurer'). MLC Limited uses the MLC brand under licence. MLC Limited is part of the Nippon Life Insurance Group and not a part of the NAB Group of Companies.

How to open an account

To become a member of Super Saver ASU you must be employed by the Australian Services Union.

Under Choice of Fund legislation, your employer may offer you a choice of superannuation fund.

If you elect to join Super Saver ASU, or if you do not make a choice, your employer will register you as a Super Saver ASU member. This means you will not need to complete a Super Saver ASU application form.

Once you are registered as a member, you will receive confirmation of your membership, including a copy of this PDS. You will also receive forms to enable you to choose an investment option, and nominate a death benefit beneficiary(ies).

Information

If you would like a printed copy of this PDS or any of the additional guides referred to that form part of this PDS, please call our Member Services team on **1300 300 820**.

Enquiries and complaints

At Vision Super we aim to provide you with the best possible service and address any concerns you may have as quickly as possible. We hope that you never have cause to complain, however, if you wish to make a complaint we have an internal complaints process to deal with it.

Complaints should be made in writing to:

The Resolutions Officer
Vision Super
PO Box 18041 Collins Street East
VIC 8003

Email: resolutions@visionsuper.com.au
Fax: 03 9911 3299

More information about how we deal with complaints is set out in our additional guide titled [9. How we deal with complaints – additional guide](#). You should read the important information in this guide before making a decision.
